

TrackMan University Workshop and Master Class in Orlando

TrackMan University proudly presents a cutting edge technical golf education, focusing on club delivery, impact and ball flight. Welcome to an exciting one-day workshop that combines research with practical training in measuring, analyzing and taking actions to improve ball striking skills. After the workshop we have the great pleasure of inviting the TrackMan University Masters to the first Master Class ever. **Both the workshop and Master Class will be conducted in English.**

Agenda

The agenda covers the curriculum for TrackMan University Level 1 and Level 2 including:

- The “new” ball flight laws. D-plane theory and practice
- TrackMan’s ten fundamentals and TrackMan’s data parameters (swing and ball flight analysis)
- Secrets of the straight shot
- World-class players club delivery and ball flight data
- TrackMan Combine. How do you measure up against world-class players?

Lecture holders

- Fredrik Tuxen, TrackMan inventor, co-founder, radar engineer and world-class expert of club delivery and ball flight analysis.
- Matt Frelich, PGA Professional and VP TrackMan Sales and Development
- Justin Padjen, TrackMan Development & TrackMan University

Where

Celebration Golf Club, 701 Golf Park Drive, Celebration, Florida 34747, US (www.celebrationgolf.com)

When

Tuesday January 21st

Who is invited?

Dedicated golfers, club makers, club fitters and coaches. Everyone that is interested in learning more about TrackMan technology, the measured data parameters (swing and ball flight analysis) and the underlying theory about the ball flight laws.

It is not a prerequisite to be a TrackMan client or to bring a TrackMan.

*The Master Class Workshop is only available to TMU Master Certified Professionals

The Master Class Workshop is a brand new event that will be held for the first time at Celebration Golf Club. With more and more TMU members earning their Master status, we decided it was time to bring those members together for a special event. The event is an opportunity to meet other TMU Masters, network, and share ideas.

For those of you who have not reached Master status, you have until Friday, December 20th to complete the necessary requirements.

Price

- TrackMan University (TMU) members: Free

About TrackMan University

TrackMan University (TMU) is providing education and certification programs for golf industry professionals (instructors, fitters, coaches and players) who want to enhance their knowledge about TrackMan technology and data parameters.

TMU is supplying golf industry professionals with users' conferences, certification workshops, e-learning and communication tools motivating them to learn more about – TrackMan technology, the measured data parameters (swing and ball flight analysis) and the underlying theory about the ball flight laws.

TMU currently offer two programs: The TrackMan Certified Operator and The TrackMan Certified Professional (Level 1 to 3).
